# Glory Days

1985-86  
SHAMROCK

# MR. AND MISS SHAMROCK

Robert Smith and Missie Miller were chosen by the faculty as the 1986 Yearbook King and Queen. They were selected on the basis of scholarship, leadership, cooperation, and willingness to give their time for the good of the school.

Both have been very active in school activities. Both were in National Honor Society four years; Missie president and Robert vice-president their senior year. Both were in the junior and senior class plays. Both were class officers — Missie 9th treasurer, 10th reporter, and 11th secretary; Robert 11th president.

Robert was a band member four years and a band officer one. He served one year in chorus, Student Council, and on the *Hotline* newspaper staff. He was a member of the first North Harrison Academic Team his junior year.

Missie was in chorus and pep club two years, and pep club president her senior year. She was chosen Class Favorite two years and Homecoming Queen Candidate three years. She was on the yearbook staff one year. She was selected to make the Sophomore Pilgrimage.

Robert and Missie both plan to attend college — Robert at NEMSU in Kirksville, and Missie at NWMSU in Maryville.

Missie was active in all sports — basketball, softball, and pom poms all 4 years, track 3 years, and cheerleading 2 years. She was selected for the ALL-CONFERENCE basketball team her senior year.

Robert was on our winning softball team 4 years.

Robert was a four-year FFA member and served as treasurer his junior year and as president his senior year.

Missie was in FHA four years, serving as recreational leader her sophomore year and president her junior year.

# MR. SMITH RETIRES

Harold D. Smith, Superintendent at North Harrison for 19 years, retired at the end of the 1985-86 school year. He has devoted 34 years of his life to educating young people.

Mr. Smith graduated from Eagleville High School in 1947. He taught Eureka School, a one-room country school, for the next four years while attending Northwest Missouri State Teachers College in Maryville during the summers. He spent two years in the Army and then returned to complete his B.S. Degree in Industrial Arts. He later obtained a Masters Degree in Education from Colorado State School of Education in Greeley.

His educational service has included teaching Industrial Arts at Stanberry, serving as high school principal at Albany and Graham, Missouri, and in Boone, Iowa. He served two years as superintendent at Westboro before coming to North Harrison in 1967.

His wife, Joyce, taught at North Harrison also for several years, mostly in the music department. She is presently teaching elementary music in the South Harrison District, Bethany.

Their four children are all North Harrison graduates: Jeff in 1976, Ron in 1977, Julie in 1982, and Robert in 1986.

When asked his favorite accomplishment at North Harrison, Mr. Smith replied, "When I see young people achieve success in life, I hope that North Harrison School has helped in some way. This is what education is all about, and this is what I hope we have achieved."

He plans to do some farming and raise livestock, and says he will always have an interest in North Harrison School and its students.

The Smith Family at the December Wedding of Julie to Gary Lupfer

Son-in-law Gary, a McFall farmer; Julie, an elementary teacher at Winston in 1986-87; Harold and Joyce; Jeff, an assistant teacher at Colorado University where he is completing a Construction Management Masters Degree; Ron, a TV newscaster in Lexington, Kentucky; and Robert (see opposite page).

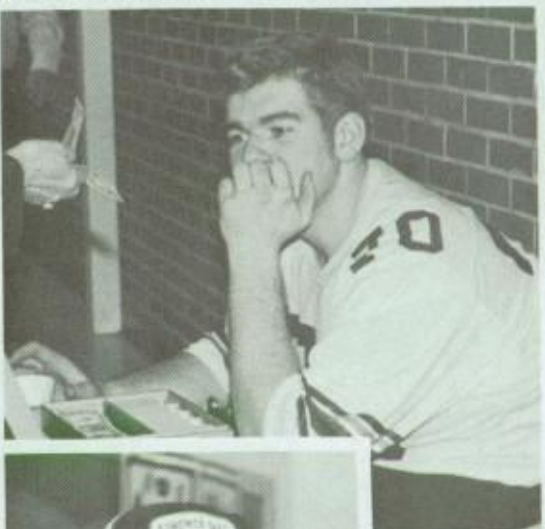

This 1986 Shamrock  
is dedicated to

**Harold D. Smith**

in recognition of his  
years of dedication  
to us.

THANK YOU, MR. SMITH.

"Time After Time" we "Celebrate" the end of another school year. This year we capture the "Magic" of our "School Daze" through music.

"Through the Years" at North Harrison we've seen the "Teachers" fight "Against All Odds" to educate those in their "Tender Years."

We hear young "Live Wire" "Voices" on the "Playground" as children "Jump" on the "Merry Go Round." We see older students "Stand Up" in the classroom or get caught in a "Careless Whisper." Some are even more "Naughty, Naughty" and take an "Escape" from school to go "Walking on Sunshine" while others take their break by "Smokin in the Boys Room."

They respond to teachers' questions with "Nobody Told Me" or "I Don't Wanna Know" or I'm "So Tired" of school. When reprimanded, they say, I "Ain't Misbehavin'!"

Some sit plotting "Revenge" or visualizing "A Little Red Corvette" while others sit making "Sweet Dreams" "Out of Nothing At All" in a world of "Fantasy." Or they gaze at a "Photograph" and think "I Want to Know What Love Is."

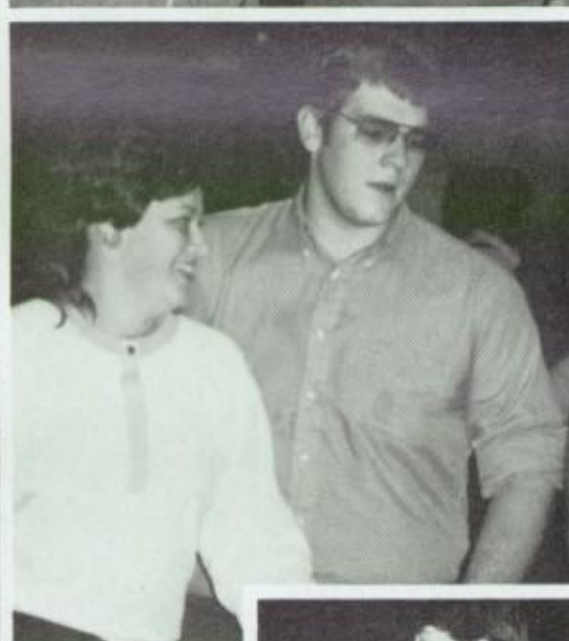

They may not hear the teacher say "Turn the Page" and they "Don't Stop Believin" that adults ride a "Crazy Train" when they expect the "Rock n Roll Children" to "Just Imagine" what life was like 400 years ago. Who cares?

When you are in the "Prime of Your Life", your teenage voice wants to "Shout", be "Footloose" and "Come Dancin" . . .

... Yet, students want more than to "Party All the Time." They put in a "Forty Hour Week" of hard work to get a deeper "Understanding" and accomplish their goals. They are seeking "Everlasting" knowledge that will help them develop into young adults.

Working together, "We Are Family" and through the "Power of Love" and concern for each other and the world, we will conquer a "New Frontier" and "Change" students into mature, productive adults.

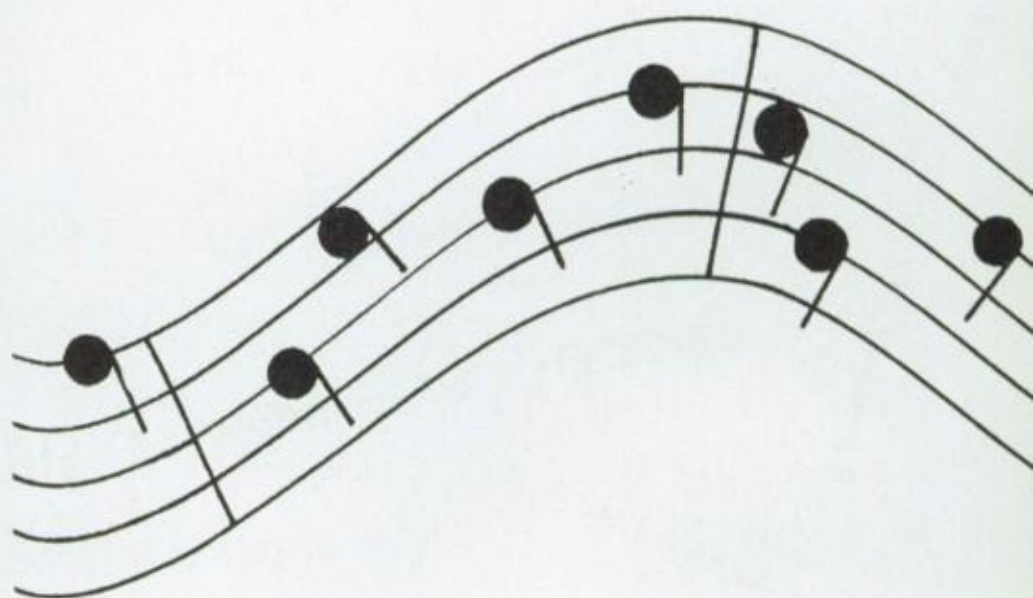

"Every Step of the Way" music has filled their lives and brought them together as they share this "Once in a Lifetime" experience in our "Small Town" school.

As "Graduation Day" looms and they anticipate going their "Separate Ways" in their "Freedom", they "Remember" the good times and realize how special it has been to "Celebrate Youth" together. And that they were really "Lovin Every Minute of It."

They have many "Memories" to "Cherish" and will always "Remember the Feeling" of their school years . .

## CLASS OF '86'

School's almost out.  
It's that time again,  
As the year rolls around  
And comes to an end.  
The year went so slow,  
But yet we don't know where it went.  
Having fun and being with friends  
We'll always remember how time was spent.  
We'll remember our Senior Trip,  
And our class plays.  
But now school's out  
And it's GRADUATION DAY.  
We'll all soon graduate  
And go our separate ways.  
We'll lead different lives.  
We'll all part after this day.  
We'll eventually lose track  
Of one another.  
We'll soon move away  
From our families and each other.  
But one day, we'll all meet again  
And catch up on what's been going on,  
But then we'll part one more time.  
We'll look back and friends will be gone.  
But our school memories  
Will always last,  
Because we were once one.  
We were a CLASS.

# The Rain"

The Choir kept very busy this year entertaining our school and community. The entire group performed in three concerts, and Shawn, Raymond, Staci, Leah, Missy, Peggy, Jill, Tami, and Brian took solos. Three ensembles also performed at District Contest: a Girls Sextet, a Mixed Double Quartet, and a Girls Trio. Despite the rain, all did well. The results were eleven II ratings and one III rating. Thanks to a lot of hard work by Delcia and everyone in the Choir, we all had a chance to hear and see some great music.

Just When  
We Were  
Having Fun*

# **"Wouldn't It Be Good" To Be Young Again**

As spring rolled around it brought a lot of new and exciting activities to the elementary.

Early in the spring the fourth grade was learning about different cultures. Six young men from Graceland College were invited to come to the classroom and share their culture with the students.

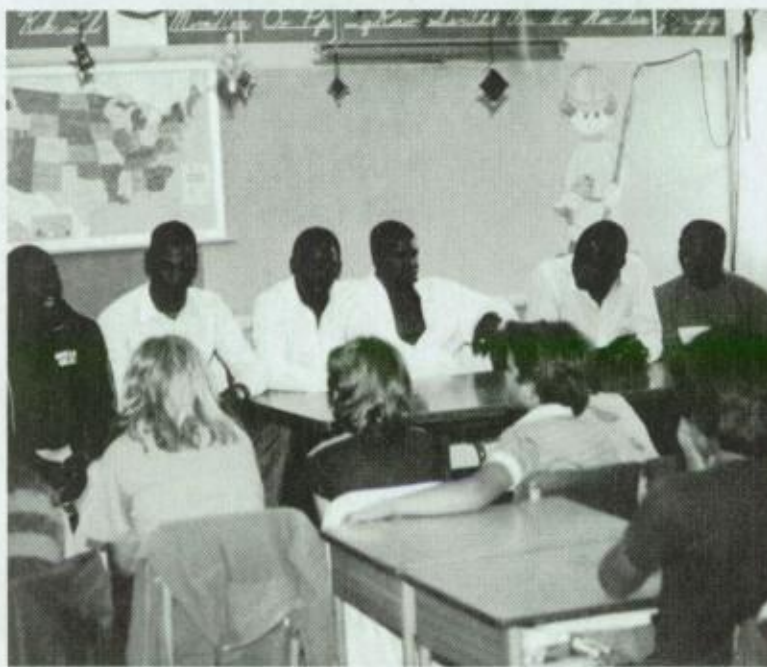

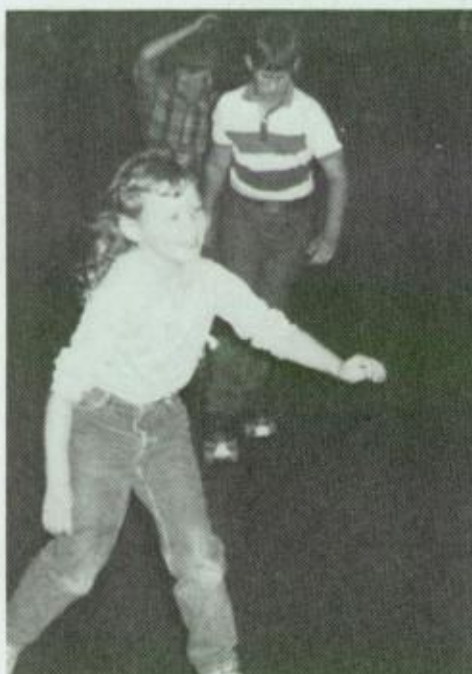

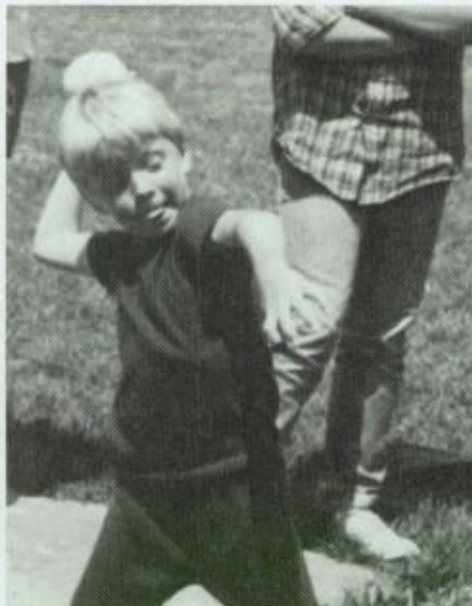

Later in the spring Eagleville's new ambulance came to the school. All of the elementary students got to see the new equipment and learn about safety.

On March sixth there was a basketball game for the fifth and sixth graders. There was a boys and girls game, Eagleville won both.

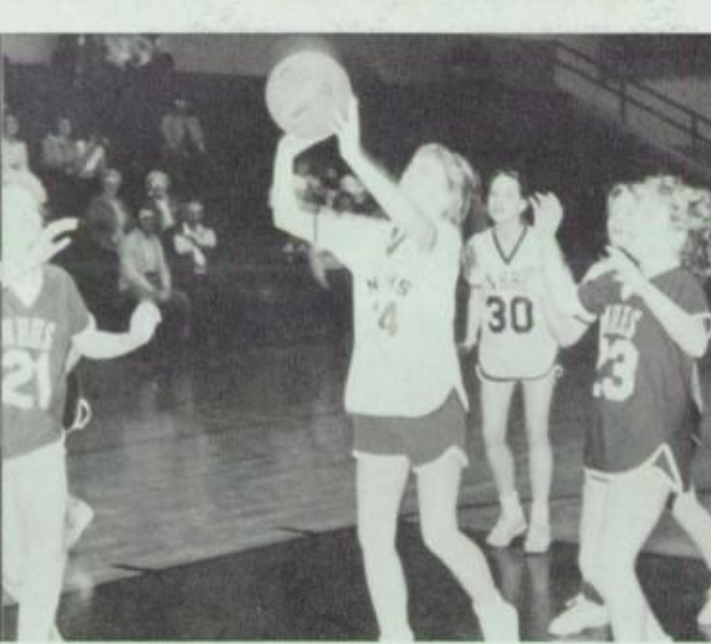

On May 13-14 the elementary participated in a track meet. They enjoyed running events and field events. The track meet was supervised by Miss Coyne, the P.E. teacher. Mr. Denbow and his varsity track team helped with the events.

May 19-20 the elementary took their end-of-school trips for being good students all year. They went to the park in Bethany and then went to the skating rink.

On the last day of school there was an awards assembly. The students received awards for the outstanding things they had achieved throughout the year. Perfect attendance certificates were given to: Cecil Wise and Talia Kinder in first grade; Adam Jessee, Lyndsay Lighthill and Megan Miller in second grade; Corbet Wilson and Wes Gibson in fourth grade; Tammy Thurman, Staci Tuggle, Lori Hale, and Josh King in fifth grade; and Chris McBroom in sixth grade. There was also a Presidential Academic Fitness Award presented to Shane Skinner.

# Banquet And Prom Goes By"

Poem  
to the Seniors  
It's to the Class of '86  
We dedicate our Prom,  
To enjoy ourselves together  
For one last dance and song.  
We'll cherish every moment,  
Looking back through the years  
All the good times that we've  
shared,  
All the laughter and the tears.  
Remember this night,  
And never let it die  
Treasure it always  
As Time Goes By.
